

Techo67_R

Compact dimensions:
**minimum installation
space** required thanks to an
overall depth of just 45 or
53 mm

Passive heat dissipation:
casing made of anodised
aluminium or stainless steel,
flange made of steel

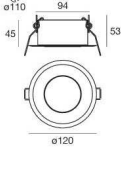

Light management: partly
black silk-screened
diffuser for glare reduction

Protective shade
available in **extra-clear**
toughened glass or in
sandblasted glass for a
diffused light emission
