

Segnapasso LED

Step lighting LED fixture for wall recessed installation in plasterboard with asymmetric emission. Integrated white LED sources or version designed to house dedicated GU10 LED version (H=80,5 mm). Body made of plasterboard and integrated electronic power supply.

Segnapasso LED

Apparecchio segno passo LED per installazione ad incasso a parete in cartongesso ad emissione asimmetrica. Sorgenti Led bianche integrate o versione predisposta per sorgente GU10 LED (H=80,5 mm). Corpo realizzato in cartongesso ed alimentazione elettronica integrata.
