|-----------------------|-------------------------------------|
| Product type          | : Wall luminaires                   |
| Mounting              | : Wall                              |
| Environment           | : Indoor                            |
| Additional info/Notes | : Swivel provided with lock device. |

### Electrical

|                           |                  |
|---------------------------|------------------|
| Dimmable                  | : Dimmable 0-10V |
| Control gear availability | : Included       |
| Control gear mounting     | : Integral       |
| Control gear type         | : Electronic     |
| Emergency                 | : Without        |
| Tension (V)               | : 110/240/277    |

### Physical

|                    |                                        |
|--------------------|----------------------------------------|
| Fixture aiming     | : Swivelling                           |
| Width (cm)         | : 14                                   |
| Length (cm)        | : 25                                   |
| Structure material | : Extruded aluminum, Die-cast aluminum |
| Number of heads    | : 1                                    |
| Number of lamps    | : 1                                    |

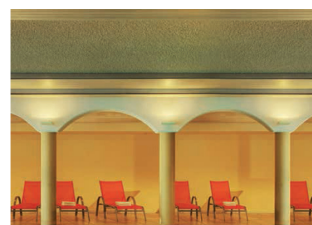

### Optical

|                    |                      |
|--------------------|----------------------|
| Light distribution | : Asymmetric         |
| Beam angle (°)     | : 120                |
| Diffuser material  | : Glass              |
| Reflector material | : Parabolic aluminum |

### Lamps

|                   |               |
|-------------------|---------------|
| Lamps description | : 1 x LED 35W |
|-------------------|---------------|

| Lamp category | ZVEI | Lamp wattage (W) | ILCOS |
|---------------|------|------------------|-------|
| LED           | LED  | 35               | LED   |
