

VINTAGE

Design Roberto Favaretto

LED
SMD

Lampade a sospensione e da soffitto a luce diffusa. Il diffusore è realizzato da una sequenza di spire in silicone bianco o nero che si sovrappongono e si incrociano, in un'alternanza di pieni e vuoti da cui la luce filtra creando giochi di luce emotiva. Disponibile in versione fluorescente, E27 e LED SMD multi chip.

A free flowing and retro style for this fashionable product with vintage glamour, exalting simplicity and fashion. The Vintage collection of pendant and ceiling lamps is characterised by a diffuser made of white or black silicone rubber, whose alternation of empty and full wants to communicate through light and creativity a sober and balanced elegance. For use with fluorescence lighting or LED SMD with integrated electronic ballast. Available also with E27 incandescent lamps.

Kollektion von Decken- und Hängeleuchten mit diffusem Licht; Schirme aus spiralförmigem Silikonummi, erhältlich in weiß oder schwarz; zeitgenössische Signale eines Stils, das schlichte und ausgewogene Eleganz anbietet. Geeignet für Energiesparlampen oder LED SMD. Bestückung 2xT5 (40W+22W) oder multichip Led SMD mit integriertem EVG. Diese moderne Hängeleuchte ist auch für E27 Glühlampen geeignet.

Collection de plafonniers et suspensions pour éclairage diffuse. Diffuseur en silicone disponible en blanc ou noir, qui s'enroule en spirale; un style qui communique à travers des jeux de lumière créativité et élégance sobre et équilibrée. Pour lampes fluo-compactes T5 (40W+22W) ou Led SMD multichip, ballast électronique intégré. Cette moderne suspension est disponible aussi dans la version E27.

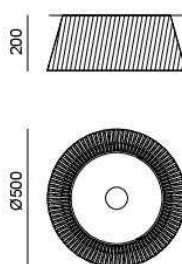

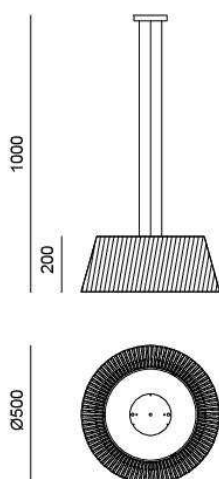

Serie de luminarias de luz difusa. El difusor se caracteriza por un espiral de silicona blanca o negra, señales contemporáneas de un estilo que ofrece una elegancia sobria y equilibrada. La iluminación la facilitan dos lámparas fluorescentes T5 (40W+22W) ó LED SMD multichip con alimentador electrónico incluido. Disponible también en la versión E27.
