

compass

Versatile fixtures to be mounted on ceiling, finalized to the use of GX8,5 and G12 metal halide lamps, or G53 halogen lamps.

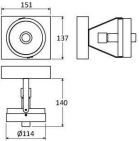

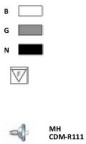

The lighting sources are mounted on steel rings painted in white or black colour and allow to orient the light (with aiming lock system).

compass

Versatili apparecchi adatti al fissaggio a soffitto finalizzati all'utilizzo di lampade ad alogenui metallici GX8,5 e G12 o lampade alogene G53.

Le sorgenti luminose sono fissate su anelli in acciaio verniciato nelle varianti di colore bianco o nero che consentono di effettuare gli orientamenti (con blocco del puntamento).

Faretto ad alogenui metallici COM-R111 alimentatore elettronico incluso
Corpo supporto faretto da ordinare a parte (accessorio obbligatorio)

Spotlight metal halide COM-R111 electronic control gear included
body to be ordered separately (compulsory accessory)

codice code	W	l
E615K1035BK-GK-NK	1x35	GX8,5
E615K1070BK-GK-NK	1x70	GX8,5

Materiale: faretto in lamiera di acciaio verniciata
corpo faretto in lega di alluminio verniciata

Materiale: spotlight made of painted steel sheet
body made of painted aluminium alloy

Cablaggio: gruppo di alimentazione elettronica integrato 220-240 V 50/60 Hz

Wiring: complete with electronic 220-240V 50/60Hz control gear for metal halide bulbs.

Faretto ad alogenui metallici COM-T riflettore e alimentatore elettronico incluso
Corpo supporto faretto da ordinare a parte (accessorio obbligatorio)

Spotlight metal halide COM-T reflector and electronic control gear included
body to be ordered separately (compulsory accessory)

codice code	W	l	fascio beam
E615K1035H-GI-NI	1x35	G12	spot
E615K1070H-GI-NI	1x70	G12	spot

E615K1035BU-GU-NU 1x35 G12 medium

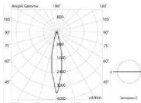

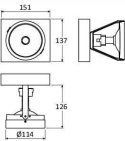

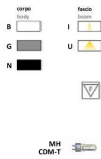

E615K1070BU-GU-NU 1x70 G12 medium

Materiale: faretto in lamiera di acciaio verniciata
corpo faretto in lega di alluminio verniciata
riflettore in alluminio 99,9% speculare e lagnato (per versione G12)

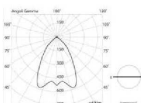

Materiale: spotlight made of painted steel sheet
body made of painted aluminium alloy
reflector made of mirrored an oxidized (for G12 version) 99,9% aluminium

Cablaggio: gruppo di alimentazione elettronica integrato 220-240 V 50/60 Hz

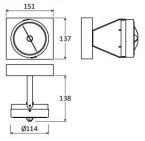

Wiring: complete with electronic 220-240V 50/60Hz control gear for metal halide bulbs.

E615K1035/70H-GI-NI

E615K1035/70BU-GU-NU

Faretto alogeno QR111 trasformatore elettronico incluso
Corpo supporto faretto da ordinare a parte (accessorio obbligatorio)

Spotlight halogen QR111 electronic transformer included
body to be ordered separately (compulsory accessory)

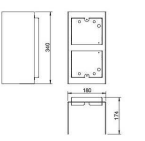

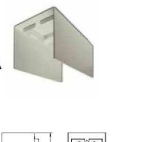

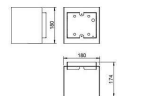

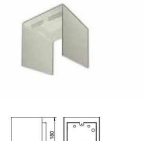

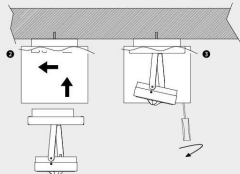

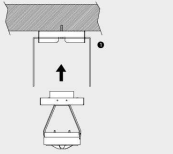

codice code	W max	l
E615K1075BK-GK-NK	1x75	G53

Materiale: faretto in lamiera di acciaio verniciata
corpo faretto in lega di alluminio verniciata

Materiale: spotlight made of painted steel sheet
body made of painted aluminium alloy

Cablaggio: gruppo di alimentazione elettronica integrato 220-240 V 50/60 Hz

Wiring: electronic dimmable KBT TRAC 12V transformer 220-240V 50/60Hz, included

Corpo monolampada
morsettiera per ingresso cavi di alimentazione inclusa

Single lamp body
complete with terminal board for input of power supply cables

codice code
A615K0001BK-GK-NK

Materiale: corpo supporto faretto in lega di alluminio verniciata

Materiale: body made of aluminium alloy painted

Cablaggio: fornito di morsettiera per ingresso cavi di alimentazione

Wiring: complete with terminal board for input of power supply cables

Corpo trilampada
morsettiera per ingresso cavi di alimentazione inclusa

Three lamp body
complete with terminal board for input of power supply cables

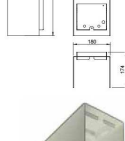

codice code
A615K0001BK-GK-NK

Materiale: corpo supporto faretto in lega di alluminio verniciata

Materiale: body made of aluminium alloy painted

Cablaggio: fornito di morsettiera per ingresso cavi di alimentazione

Wiring: complete with terminal board for input of power supply cables

Corpo bilampada
morsettiera per ingresso cavi di alimentazione inclusa

Double lamp body
complete with terminal board for input of power supply cables

codice code
A615K0002BK-GK-NK

Materiale: corpo supporto faretto in lega di alluminio verniciata

Materiale: body made of aluminium alloy painted

Cablaggio: fornito di morsettiera per ingresso cavi di alimentazione

Wiring: complete with terminal board for input of power supply cables

Corpo quadrilampada
morsettiera per ingresso cavi di alimentazione inclusa

Four lamp body
complete with terminal board for input of power supply cables

codice code
A615K0004BK-GK-NK

Materiale: corpo supporto faretto in lega di alluminio verniciata

Materiale: body made of aluminium alloy painted

Cablaggio: fornito di morsettiera per ingresso cavi di alimentazione

Wiring: complete with terminal board for input of power supply cables
