Description : Recessed downlight or ceiling surface mounted fixture designed for light commercial and residential spaces. Made of extruded, die cast aluminum with powder coated finish and under layer protection. The recessed version outer housing can be partially or totally recessed, and the inner portion can be oriented up to 30° to obtain a wall wash effect and can be set at various depths within the outer housing to ensure optimal visual comfort. Different heights and various lighting sources are available: dichroic, led, halogen, metal halides.
